Hi Leslie,

I spoke to Jay this afternoon about the transfer of the Kiewit Exploration permit from Dumont to Desert Hawk. The signed forms for both DOGM and BLM were mailed out last week, so you should have the transfer paperwork in your office. Please let me know if that is not the case.

I have not spoken to Rick Havenstrite since our meeting. He did send an email indicating that the 5 holes drilled in the B and C zones are capped and reclaimed....so I am preparing the MR-EPR with the drill hole progress. This should clear the issues with the small mine bond. I will try to get it to you by Monday.
